

**School District #62 (Sooke)**

<b>STUDENT ACCIDENT AND ILLNESS</b>	No.: C-430
	Effective: July 3/84 Revised: Oct. 10/89

**SCHOOL BOARD POLICY**

The Board recognizes that in the school setting accidents and illnesses can occur, and therefore the Board requires all schools to provide adequate measures to ensure student safety and well-being.

Each school must establish appropriate procedures to care for students who are involved in accidents or who become ill at school. These procedures must be made known to students, staff and parents.

The Board will ensure that there is a qualified staff member who can administer first aid in each school.
